## **DETAILED ACTION**

This communication is in response to Applicant's Appeal Brief filed 29 August 2007.

### ***Status of Claims***

Claims 1-42 are currently pending. Claims 1, 8, 15, 22, 29 and 36 are independent claims.

### ***Claim Rejections – 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 8, 15, 22, 29 and 35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1, 8, 15, 22, 29 and 35 recite the language "invoice date" in the claim language. To clarify the claims, the Examiner would suggest using the claim language "invoice due date", as this language makes it clear that the date that is being referenced is a date in the future by which the invoice must be paid. This would avoid any confusion with the invoice creation date. Appropriate correction is required.

3. Claim 3 recites the limitation "the pre-defined time period." There is insufficient antecedent basis for this limitation in the claim.

***Allowable Subject Matter***

4. The following is a statement of reasons for the indication of allowable subject matter: the claims disclose a method, system, server, medium, program and apparatus for an early payment discount, on-line bill payment system, which is not disclosed by the prior art. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

5. The Applicant is requested to contact the Examiner and arrange for a telephone interview if there are questions regarding the rejections stated above.
